- JavaScript
- React
- TypeScript
- Tailwind CSS
- WordPress
- MySQL

LANGUAGES

- English (Intermediate)
- Myanmar (Native)

PROFILE

Detail-oriented Frontend Developer with experience in building responsive websites using React, TypeScript, and Tailwind CSS. Also skilled in WordPress/Elementor development, with additional experience in Quality Assurance (QA), ensuring high-quality, bug-free web apps and websites. Eager to contribute to a challenging development role.

EDUCATION

Bachelor of Chemistry

2009 - 2012

University | Yangon

High School Diploma

2008 - 2009

B.E.H.S No.(2) Bahan | Yangon

EXPERIENCES

React | TypeScript | Tailwind CSS

- Developed and deployed several modern, responsive frontend projects (including personal portfolio, e-commerce concepts, etc.). Full project details, live demos, and code are available at my portfolio.

WordPress | Elementor

- Proficient in building and managing professional websites from the ground up using WordPress and Elementor. Specialized in deep theme customization, implementing fully responsive designs, and configuring complex plugins to deliver tailored solutions for diverse client needs.

ACHIEVEMENTS

- Successfully transitioned from a non-tech background into a professional Frontend Developer & QA role through focused self-study and project-based learning.
- Led the full project lifecycle for the Asia Youths Association website, from initial design consultation to final successful launch.
- Actively contributed technical expertise to the Ministry of Labour (NUG) IT team, demonstrating a strong commitment to using technology for social impact.
